PROFESSIONAL EXPERIENCE

Sr. Graphic Designer & Pre-Production Artist

Hood Container Corporation – Sumter, SC | March 2015 – Present

- Lead creative direction and design for corrugated packaging, POP, and retail displays that elevate brand visibility across major client campaigns.
- Designed and launched a responsive company website using HTML5 & CSS3 to improve digital presence.
- Partner with sales and marketing teams to translate complex customer goals into compelling visual concepts aligned with business needs.
- Recognized for design excellence—multiple AICC and TAPPI Awards, including 1st Place and People's Choice.
- Improve production workflows and consistency, ensuring alignment with corporate identity and market trends.

Sr. Graphic Designer

Carolina Printing, Sports, & Trophy – Hartsville, SC | Aug 2010 – Mar 2015

- Owned end-to-end design for apparel, signage, and digital assets, producing 20–30 unique designs weekly.
- Developed branded materials that strengthened client visibility across channels.
- Championed quality and efficiency in pre-production proofs, ensuring accuracy at scale.

Pre-Production Graphic Designer

Southern Graphics Systems (SGS&Co) – McBee, SC | Apr 2009 – Dec 2009

- Supported major brands such as Kraft, Georgia-Pacific, Dixie, and Panasonic.
- Created an Illustrator automation script that reduced plate material usage, saving thousands.
- Bridged design intent with production workflows for improved efficiency.

Graphic Designer / Programmer

School Dynamics Systems – Hartsville, SC | Jan 2006 – Aug 2006

- Designed integrated marketing materials, brochures, instructional media, and educational graphics across print and digital platforms.
- Assisted in transitioning Microsoft Access-based software into an HTML/CSS web platform, improving scalability, usability, and long-term operational efficiency.

Graphic Designer

AmeriServ Printers LLC – Hartsville, SC | Jan 2003 – Dec 2005

- Designed a wide range of business collateral, print materials, and customer-facing graphics for commercial clients across multiple industries.
- Improved pre-press workflows and proofing processes to increase production accuracy and reduce turnaround inefficiencies.
- Collaborated directly with customers to develop visually consistent, production-ready brand materials.
